

Mahdi Salek

Front-End Developer | Vue.js

As a **Programmer**, studied *Software Engineering* & have +5 years of experience in **Front-end** Development (focusing on *Vue.js* and it's related frameworks, such as *Nuxt.js* and *Vuetify.js*). And have sufficient knowledge with **Back-end** topics (such as *API Development* and *DevOps*). In my career path, I have collaborated in many projects with different companies and startups, and I'm very interested in becoming an **Operational Manager**, and to achieve this goal, its +1 year, that I'm acquiring knowledge about *product management* and working as a *project manager*.
